Solving tomorrow's sanitation problems today
HISTORY OF MONOCHEM

The Monochem brand has been synonymous with superior quality and performance for over 55 years. Originally owned by Monogram Sanitation, now known as Zodiac Aerospace S.A., Monochem has established itself as one of the original pioneers of chemical deodorizers.

Monogram wanted to focus on the manufacturing of their portable toilets and decided to sell the Monochem line to Hur Chemical and contract packaging in order to continue providing high-quality toilet deodorizers to the RV, Marine, Aviation, and Motorcoach industries.

Mr. and Mrs. Hur believed in focusing on the science of sanitation and were always ahead of the time when it came to developing new products. In 2008 Mr. and Mrs. Hur decided to retire from the business. Mrs. Hur was very passionate about her deodorizer business and wanted to sell it to someone who takes pride in the quality of their products. She chose her long-time customer Satellite Industries Inc.

Worldwide Monochem is now a division of Satellite Industries, a global manufacturer of portable toilets. Monochem has rebranded but the same superior quality is packaged in every product. Having a long history of proven performance and consistency, Monochem continues to grow. We are now available in Europe and South America. Our mission statement is:

“Solving tomorrow’s sanitation problems today.”
**Dyna-Bact**

"Green" Water Soluble Portion Control Powder

We are proud to introduce Dyna-Bact™ – A revolutionary environmentally-friendly deodorizing packet that employs Bioneutral-One technology™. Dyna-Bact™ incorporates a combination of specifically selected bacteria that work synergistically together with a complex group of enzymes.

M5000 Liquid Toilet Deodorizer

M5000 has the power to fight odors caused by high temperatures and above average use. It contains a high concentration of dye, fragrance and active ingredients, which work together to prevent the growth of odor causing bacteria and breakdown of color and fragrance for outstanding toilet odor control.

- Formaldehyde Free
- Super Concentrate Formula
- Increased Color, Fragrance & Actives
- Use only 1/2-2 ozs per service

Sold in 1, 6, 55 and 275 gallons

M5000Bio Liquid Toilet Deodorizer

M5000 Bio is the most concentrated, environmentally safe liquid toilet deodorizer on the market. From normal temperatures to high heat, the all-natural, active ingredients in M5000 Bio block the formation of odor causing bacteria before they begin to multiply. These ingredients also break down waste to prevent piling, a main source of odors in portable restrooms. In fact, the active ingredients work to dissolve residual waste that collects on sidewalls and tubing within the tanks, another source of continuous odors.

- Moderate Traffic, Moderate Heat
- Superior Odor Control
- Environmentally Friendly
- Benefits Waste Treatment Plants

Sold in 1, 6, 55 and 275 gallons

Available in 1, 6, 55 and 275 gallons
Microfiber towels
Thick, dense microfiber weave is luxurious and functional. Perfect for buffing with its deep pile and efficient for cleaning where dirt and dust can accumulate. In addition, the long, silky microfibers do an excellent job of massaging away fingerprints and smudges. Dampen the Microfiber Towel with water to turn it into an all-purpose cleaning towel. Use it dry to quickly dust off your interior surfaces. Buff your vehicle when applying spray wax. Microfiber has a tremendous capacity for water. Use it to dry your vehicle and apply a coat of spray wax at the same time. This simple technique prevents water spots and deepens the paint's gloss. The options are endless!

Dirt-It Moisture Absorber
Simple, convenient with no mess. Replace Dirt-It pouch when it feels completely like a gel, which means it is saturated. Dispose with regular waste and replace with new Dirt-It pouches. Use the Dirt-It humidity indicator card to help you determine the relative humidity level. The highest pink dot on the card indicates the current level of humidity. The dots continue to change color as humidity fluctuates.

Spigot
¼” spigot for 6 gallon jugs. Provides ease of use and dispensing of product.

Sure Shot
Sure Shot sprayers are an inexpensive way to apply bulk chemicals like cleaners, degreasers, penetrating oils, solvents and lubricants. They use readily available compressed air, instead of flammable or dangerous propellants, and because they are reusable you don’t have to worry about disposal of empty cans.

ACCESSORIES

PERSONAL CARE

Foam Soap/Sanitizer
Triple the number of uses over liquid soap and sanitizer. Refills come in strong, plastic jugs that won’t puncture. Sanitizer also available in 1 Liter Alcohol gel for winter use. Comes with built in lock to deter vandalism. 800/1000ml Soap/Sanitizer Comes with built in lock to deter vandalism

T-5 Derma-Care Gel Waterless Hand Sanitizer
A refreshing, waterless hand sanitizer that contains Aloe, Vitamin E and a proprietary skin conditioner that leave hands feeling soft and smooth, without any sticky residue. Comes packaged with 16 -18 oz. bottles/case. Also available in 4-64oz bottles/case; and 4-1 gallon bottles/case.

Monex
2 ply Biodegradable Toilet Tissue
Enjoy the comfort you get from this premium 2 ply tissue with 500 sheets per roll. This virgin blend provides maximum absorbency and the quilted layers insure the ideal balance of strength and softness for a superior clean. In addition to these comfort features, Monex is designed to break down quickly in the holding tank preventing clogs from forming in the filters or valves. Perfect for use in RV’s, Motor Coaches and anywhere else limited water flushing is the challenge.

Dyna-Bact is a product that performs and delivers as advertised and will be used by Daisy Charters and Shuttles for a LONG time.

—Daniel Bratcher, VP Daisy Charters and Shuttles

DynaBact work better than anything else that we have used in the past 30 years the savings is enormous and the quality of the interior atmosphere is excellent.

—Ira Steinberg, Coach Tours Ltd.

Excursions Trailways has been utilizing the Aqua Toss product for a number of years. We are very satisfied with its performance. Regardless of the length of the trip, the chemical keeps up!

—Thomas Bazow, Excursions Trailways

Your Dyna-Bact product continues to exceed my expectations. It has worked very well for me the last couple of months.

—Dominic U. Izabel Sterling, VA
